AI/ML: ai, power bi

Resume Feedback

Areas for Improvement:

- Resume lacks essential sections
- Limited use of strong action verbs
- Resume lacks quantifiable achievements

- Resume content is too brief

Recommendations:

- Add missing sections: Education, Experience, Skills
- Incorporate more action verbs: developed, implemented, achieved
- Add metrics to quantify achievements (e.g., 'increased revenue by 25%')
- Expand content to provide more detail about experience
